

WFDF JUNIOR WORLDS 2010 VOICE

Newsletter

Wednesday, 04 August 2010

Attention! Attention! Attention!

- The tournament organizers have now closed field 1
- For the remainder of the tournament it will only be used for top games and finals
- The game plan hanging next to the registration at school is valid
- Captains must check in the morning before their game

Weather Today

15° - 22° Celsius

Match reports

Focus on Junior Open A

The first match of the day on pitch 1 sees on of the tournament favourites team USA get off to a great start with a 17-4 victory over Belgium. USA started with a first minute score and despite an early injury to number 4 Matt Barnes they dominated the game. First half highlights included a full length layout Callaghan by number 5 Elliot Erickson to take the score to 6-3. Belgium got off to a great start in the second half and number 69 Tom Dewilde scored with a great layout from a hammer pass from Wannas Kestens to briefly bring the scoring gap down to five but a superbly efficient USA played with great patience and determination which Belgium eventually had no answer to.

The second match involves Great Britain and Colombia. In this match GB get off to a great start with a lay-out score. After

„Finland and Ireland in perfect symmetry“

this the two teams trade points back and forth to reach 6 - 6. There are a lot of contested calls but the game atmosphere is still good and the match is still being played with spirit. The Colombians manage to score next and go into half time leading the Brits 7-6. The sun arrives during the break and seems to lift GB who equalise quickly after the restart.

Lots of noise and emotion from the fans and players accompany the game which steadily sees the score grow to 12-12 with neither team managing to pull away. With the hard cap set at 13 the vital point is contested a few times as GB come close to ending the match but eventually they get the job done and score the vital point to win 13-12.

What's on tonight?

- 9pm is movie night in the building opposite the breakfast area as Ultimate takes you „Back to the Future“
- 9pm is also team rep meeting in the old cigar factory, up for discussion is „The future of Ultimate“

Where has the spirit gone?

- Matches cannot be played without game discs, please return them
- Scorers are doing a difficult job, respect the 2 metre line
- On the field please put your trash in the bins provided
- At breakfast please clear up after you
- Please try to keep classroom trash to a minimum
- Flush twice and keep the toilets clean
- **Destroying school toilets is vandalism**

Focus on Junior Women A

The first match of the day in this pool sees Japan take on one of the tournament favourites Canada. Japan unfortunately get off to a bad start with an early injury to number 26 Takaishi Sakura. This proves to be a bad omen for the team and they trail 1-9 at half time.

Canada are very dominant in defence, containing Japan's short handling game and forcing early turnovers and this strategy proved equally effective in both the first and second half.

In this reporter's opinion the outstanding player for Canada is number 42 Helen Thompson who made many good D blocks allowing quick transition to O. For me, the best point of the game involves a going away hammer on the break side from number 22 Erica Tucker to number 16 Adriana Roe. Canadian dominance is reflected in the final score which reads Japan 2-17 Canada.

Junior Women B

Lots of noise from both teams signals the beginning of the Australia v Sweden game and pool B in the junior womens competition.

Early in the game it is apparent that these two teams are very evenly matched and lots of long plays and good D's back this up. Sweden pick up a lead and manage to hold this until half time despite a dominant display from number 13 Cat Phillips on O and D for the Aussies. The half ends 9-6 to Sweden.

What ever is said at half time to the Australian team seems to do the trick though and they battle their way to 10-10. Cat Phillips again is proving her worth completely shutting down the Swedish hucks, and this helps the Aussies to the lead for the first time in the game at 11-10. Sweden however manage to respond and get ahead to finish the game with a disc into the corner for a solid 15-13 win.

Focus on Junior Open B

Whilst taking in the Junior Women A match between Canada and Japan on field 4 your roving reporter also keeps an eye on the Open pool B match on field 3 between Canada and Latvia. Whilst not as comprehensive a victory as their female counterparts, Canada still run out comfortable victors with a scoreline of Canada 17-7 Latvia. In this reporter's opinion the big difference between the teams is that Latvia whilst clearly tall, fit, athletic and hardworking, struggled with their long game. Latvia can however take positives from this match as the general consensus of opinion is that the Latvian number 18 Igors Minovs was one of the standout players and even the Canadian team agreed that his „sweet layout“ was the best point of the match. However it would be remiss of me if I did not mention Canada's outstanding player number 47 Ryan Kremsater who contributed massively to a Canadian victory.
